

Kellam Berg Engineering and Surveys Ltd., a Calgary based consulting firm providing planning, engineering and legal survey services to the land development and construction industry in Calgary and the surrounding area for in excess of 25 years, and is currently seeking a:

**Intermediate/Senior Planner**

The successful individual needs to have the following assets, knowledge and skill base:

- Understanding of The City of Calgary application process for Outline Plans, Land Use change, Tentative Plans of Subdivision, Bare Land and Conventional Condominiums and Development Permits
- A similar understanding of the same processes within the adjacent Municipal Districts and Communities
- The ability to accurately review and understand land titles information
- The ability to produce tentative plan drawings and applications
- The ability to draft and organize reports and information that supplement planning applications
- The ability to work within a team environment
- Fluency in English both spoken and written

The following additional skills would also be an asset:

- Proficiency in AutoCadd or Land Development Desktop
- Proficiency in Adobe Creative Suite

Salary and benefits are negotiable and will be based on the successful candidate's individual skill sets and experience.
